Carter (Regular Supervisor) has directly aided in the name defendants effects to interfere with plaintiff litigation process. [Their] records will show how they deprived plaintiff of excess to the law library / Courts over the past Five⁽⁵⁾ weeks of the minumum twenty (20) hours mandated by law. Plaintiff is not sure when his motion For extention of time was mailed at these hands of the said defendant's / agent(s) here at (V.C.F.) Plaintiff mail has again not reach its destination by [him] placing the mailed in the legal

Simon) did not get the Copies of plaintiff objection to the magistrate Judge, motion For dismissal (in allowing the defendant(s) to use mind altering drugs (puschotropic)) as [they] had intended and according to [his] Certificate of Service.

Lt. Taylor has ordered her agents under her supervision to take the Claps off plaintiff paper work From defendants attorney(s), these re-arrangement of plaintiff paper work is and was a task to put in some kind of order. The defendants attorney's placed no numbering (order) on these (said) papers so that plaintiff could properly direct this Honorable Court to [the] specific documents in these bundles of papers he is refering to. These tactics are used by defendant(s) and defendant's agent(s) among a Few other extreme tactics they are using to weaking plaintiff defense.

(2) In order to stop plaintiff litigation Completely defendant Sgt. Carter, defendant Brown and Lt. Dowling (inderectly), officer Robinson assisted these two (2) officer ~~the~~ listed above directly in put the Cuffs on plaintiff on November 23, 2005 Wednesday.

Another inmate (Rod) which was concerned on how they were beating me in the lobby of Ten (10) dorm. This inmate was pulled in off the yard and beating as well, for trying to discourage them from beating me in such matters. I was taken to be seen by Dr. Siddiq (M.D.) involved in said law suit at the Bullock County hospital (as told) I did not know [he] would be there. And as result of the extensive injuries I faced to my body and back [they] were all minimized by doctor Siddiq he stated, "Severe times" "there's nothing wrong with him". The escorting officer(s) (Jackson) mainly (per instruction of doctor Siddiq) tried to force me to walk. In intimidating manners I was forced to try and stand to get in the wheel chair after I insisted I was not able to walk (without) causing myself tremendous pain. Once in the wheel chair my back was forced against the back rest of the chair by officer Jackson (Couch at (V.C.F.)) by him pushing my right shoulders trying to make me sit with my back flush against the wheel chair back. In spite of my mourning and droaning in pain it matter little too the two (2) of them. Now I await to see what they shall do next (while I lay in pain in the infirmary (holding cell)). Sgt. Carter

has indicated he not Finish, due to them beat the other guy (inmate Rod) he was not Finish in his attempt to break my back (he may). Some one informed them the assist^{ant} Warden was on his way so he had me drugged in the room with (Rod) inmate)) this also was a Factor in bring this assault to an end. I await your immediate response (see also, additional motion For protection order.).
